INSTRUCTIONS
USING YOUR SEWING MACHINE:
PREPARE THE BACKING FIRST
Place your two pieces of **backing** on your table (right sides together).

Pin and stitch a 12.5mm (½") seam along one edge, leaving an 8-10cm (3 - 4 inch) gap in the middle. This gap is where the coaster will be turned through.

Press the ½" seam allowance open.

USING YOUR EMBROIDERY MACHINE:
For tips on how to correctly hoop your stabiliser, go to https://swpea.com/blogs/machine-embroidery-blogs/tips-for-stabiliser-in-the-hoop

WREATH COASTER

Hoop up **cutaway stabiliser** in the hoop. Load the design onto your machine. Use applique scissors for trimming the batting and fabric.

STEP 1 Stitch the placement line for the batting.

STEP 2 Place **Batting 1** and optional cutaway/bag stiffener (underneath batting) on top of the hoop covering the placement line. Stitch down. Remove the hoop from your machine and trim the batting and/or optional cutaway/bag stiffener about 1-2mm from the stitching.

OPTIONAL: STEP 4 Embroider the stippling.

STEPS 5 & 6 Embroider the first colour for the wreath and then embroider the second colour.

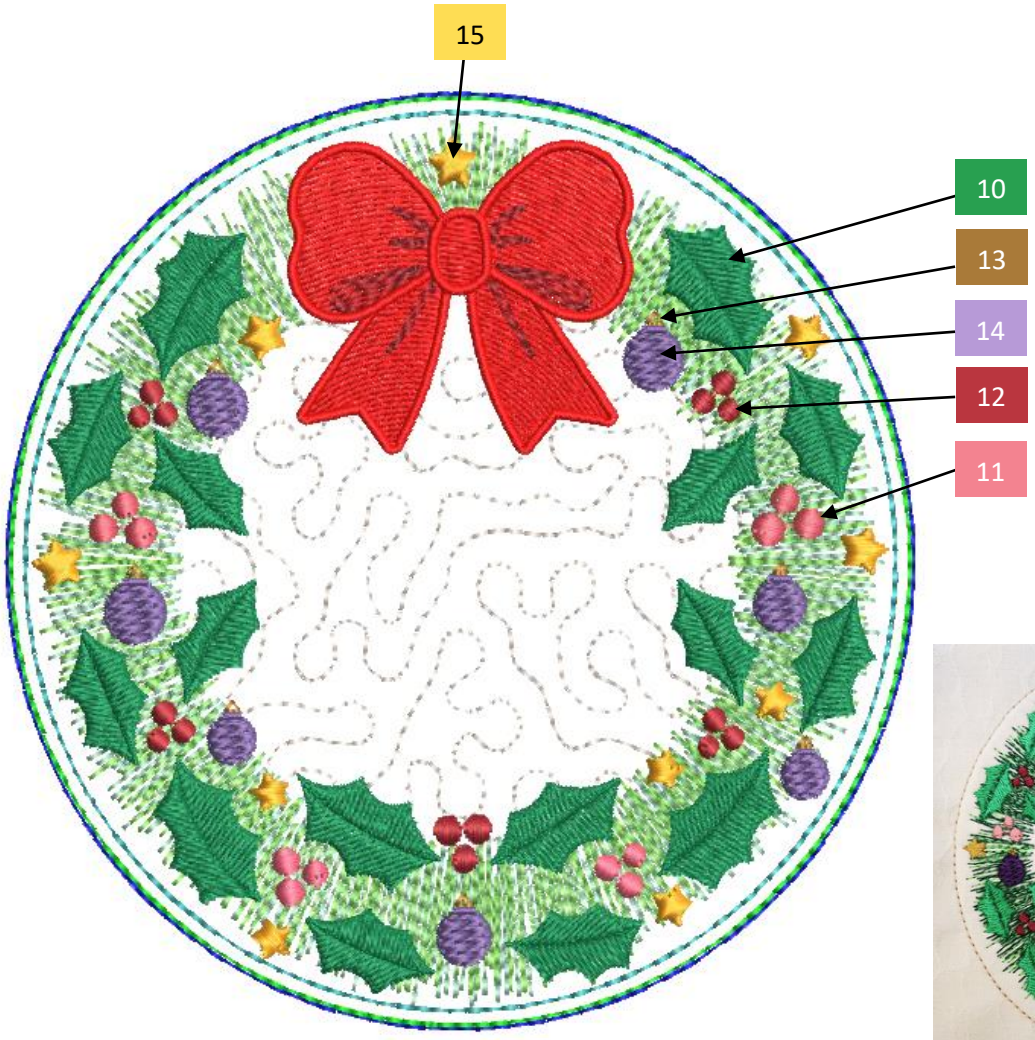

STEPS 7-9 Embroider the bow. Then embroider the shading. Then embroider the satin stitch around the bow.

STEPS 10-15 Embroider the remaining elements on the wreath following the below diagram. (All elements of the same colour are embroidered at the same time)

OPTIONAL: STEPS 16-18 Embroider the words “MERRY CHRISTMAS”. Then the flourish. Then embroider the stars above and below the words. (you may want to skip the flourish and stars if you want to add a name under Merry Christmas)

Alternatively, you could use your machines text settings to add your own wording now if you would prefer.

OPTIONAL: ADDING THE LOOP

Centre the loop on top of the hoop with the raw edges crossing over the placement line with the loop facing towards the centre of the hoop. Tape in place. You can make this loop as long or short as you like.

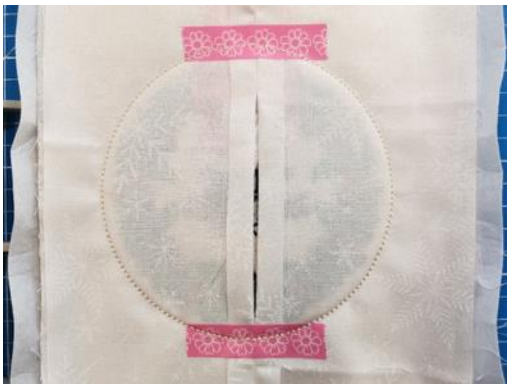

ADDING THE BACKING

Place your completed backing piece wrong side up on top of your work with the opening centred. Use sticky tape over the border stitching so the embroidery foot does not catch the fabric.

STEPS 19 & 20 Stitch the backing down, then continue to stitch again with the triple stitch.

Remove from the hoop and trim the seams to about 1/4 inch (6mm). Clip and snip the curve.

Turn the coaster right side out using a chop stick to help push out the corners. Press.

Use fabric glue or hand stitch the opening on the back of the coaster closed.

Your coaster/decoration is complete!
